

## 3<sup>rd</sup> Translational Research Day Organised by Kolkata Gynecological Oncology Trials and Translational Research Group

**Date:** 07.02.2020      **Time:** 02:00pm to 06:00pm

**Venue:** Indian Institute of Chemical Biology Jadavpur Campus, 1<sup>st</sup> Floor Seminar Room

### *Guest of Honour: Prof. Amit Oza*

*Dr. Amit Oza is Head of the Division of Medical Oncology & Hematology, and Medical Director of the Cancer Clinical Research Unit at Princess Margaret (PM) Cancer Centre. He is also co-Director of the Bras Drug Development Program at PM Cancer Centre, Scientist at the Ontario Cancer Institute, and Professor of Medicine at University of Toronto. He leads OICR's Ovarian Cancer Translational Research Initiative. Dr. Oza has been the principal investigator and co-investigator in more than 100 clinical trials for gynecological cancer and advanced colorectal malignancies. He is the past co-chair of the National Cancer Institute Gynecologic Cancer Steering Committee, and current chair-elect of the international Gynecologic Cancer InterGroup. He is the GCIG mentor for KolGoTrg.*

### Agenda:

Time	Speaker	Topic of Discussion (8mins talk+2mins discussion)
2pm-2:10pm	Dr. Asima Mukhopadhyay CNCI, Kolkata	KolGoTrg Studies on Homologous recombination deficiency in ovarian cancer
2:10pm-2:20pm	Dr. Susanta Roychowdhury SGCCRI, Kolkata	Team Science approach in ovarian cancer
2:20pm-2:30pm	Dr. Benubrata Das IACS, Kolkata	Strategies to overcome PARP inhibitor resistance in ovarian cancer
2:30pm-2:40pm	Dr. Kaushik Sengupta SINP, Kolkata	Study of structural biology in predicting chemo-response in ovarian cancer
2:40pm-2:50pm	Dr. Tanya Das Bose Institute, Kolkata	Cancer stem cells: future research directions
2:50pm-3:00pm	Dr. Sibsankar Roy IICB, Kolkata	Metabolomics studies in ovarian cancer
3:00pm-3:10pm	Dr. Chandan Mandal I3T, Kolkata	Ovarian Cancer translational studies at I3T
3:10pm-3:20pm	Dr. Chitra Mandal IICB, Kolkata	Discovery of CM5 and application in gynaecological malignancies
3:20pm-3:30pm	Dr. Shilpak Chatterjee IICB, Kolkata	Immunological perspectives in gynaecological cancers
3:30pm-3:40pm	Dr. Sharmila Sengupta NIBMG, Kolkata	Systems Medicine Cluster(SyMeC) project in cervical cancers
3:40pm-3:50pm	Dr. Chinmoy Panda CNCI, Kolkata	Translational studies on cervical cancer
3:50pm-4:00pm	Dr. Shuvojit Moulik KolGoTrg, Kolkata	Developing KolGoTrg biobank and primary culture models
4:00pm-4:10pm	Dr. Jayasri DasSarma IISER, Kolkata	Developing animal models for collaborative studies in gynaecological cancers
4:10pm-4:20pm	Tea Break (inside the seminar room)	
4:20pm-5:00pm	Student presentation (4mins each)	PI groups- Sibsankar Roy, Jayasri DasSarma, Vilas Nasare, Biswarup Basu, Samit Chattopadhyay, Sankhadeep Dutta, Asima Mukhopadhyay, Damayanti DasGhosh
5:00pm-6:00pm	Short Talk by Prof. Amit Oza Followed by group interaction	Translational Research directions and collaborations
6:00pm-6:10pm	Closure and Snacks
